SCHEDULE B

How *Rapid ReScore* Works

This premium service offered by CCI benefits consumers and lenders alike by facilitating credit report corrections at the credit bureau (repository) level during the lending process. Rapid ReScore is an expedited correction and reinvestigation process through which Credit Communications, Inc. (CCI) will attempt, as circumstances permit, to reinvestigate consumer's creditor information as defined below. Client must have a *Rapid ReScore Addendum to Service Agreement* on file with CCI to purchase this service.

1. Client will send to CCI, via fax, creditor information that they wish to have updated through the Rapid ReScore service. Client shall use the Rapid ReScore Request form and include the following:

- Name of CCI client, loan agent/requestor and contact email address.
- A description of the creditor update requested by the consumer.
- Documentation (which the consumer provides) that confirms the tradeline update. Consumer provided documentation must contain the following:

Creditor Letters:

- Dated letter (must be within the last 30 days) on creditor's letterhead, including contact name and phone number.
- Letter must contain consumer's name and address, full or partial account # that matches the credit report.
- Letter must state **specific** action creditor has taken to update the consumer's file.
- The contact name and phone number at the creditor who can verify the information, as the credit bureau will confirm the document themselves before updating the data.

Public Records:

- Certified (court-stamped) documents such as Release of Lien, Satisfaction of Judgment, or Bankruptcy Discharge Papers including Schedules D & F (lists of secured and unsecured claims).

2. Upon receipt of the Rapid ReScore Request Form, CCI will evaluate and determine whether the circumstances and documentation of the consumer's request is permissible through the Rapid ReScore service. If the request does not qualify, CCI will notify the client promptly. A \$15.00 document evaluation fee may be charged to the client, regardless of whether or not an attempt is made to update the file. This cost is in addition to any other cost incurred to have the update processed through Rapid ReScore.

3. Using the Rapid ReScore service, CCI will submit a request to each bureau that is reporting the requested item to be updated. File updates should take place at the credit bureau within 3 to 5 business days. **CCI has no control over delays that may occur at the credit bureau.**

4. Once it has been confirmed by the credit bureau that the consumer credit file has been updated, CCI will pull a new report and notify the client that they may access the file.

5. CCI, Experian, Equifax, and Transunion **cannot and do not make any guarantees of any kind** that the updated tradeline(s) will result in a positive change to the credit score(s).

SCHEDULE C

Rapid ReScore – 6 Steps for the Lender

Step 1 **Review the score factors for each of the bureau scores provided.** The factors are listed below the score and are listed in order of significance.

Example of Score Factors:

NUMBER OF ACCOUNTS WITH DELINQUENCY
INSUFFICIENT LENGTH OF REVOLVING CREDIT HISTORY
NUMBER OF RECENT INQUIRIES

Step 2 **Review the information to locate any items that need to be updated.** If you identify an error in reporting by the creditor, refer to the significant score factors to determine if the reporting error relates to any of them. This could be an indicator that a correction or update **may** positively impact the consumer credit score.

Step 3 To update a tradeline or correct an erroneously reported tradeline, **a letter from the creditor must contain the following information:**

- a) Date within the past 30 days
- b) Letterhead of creditor, including **contact name phone number and extension**
- c) Consumer's name and address
- d) Account number/member number
- e) A specific and clearly stated reference to the update being made to reflect what is on the consumer credit report, e.g. late dates
- f) Signature of a representative from the creditor

The bureaus **will not** accept:

- Copies of check or money orders
- Hand written letters
- Letters without a phone number or date
- Divorce decree
- Money order receipts
- Mortgage settlement statements
- Paid receipts
- Third party documentation
- Equifax will not accept documents from MBNA or Provident

Step 4 **Give a copy of Schedule D "A Guide for your Borrower" to the consumer to use as a guide when contacting the creditor(s).**

Step 5 **Complete ALL fields on the "Rapid ReScore Request Form" and fax it along with the creditor documentation to CCI, fax number 800-303-9203.**

Step 6 **Upon receipt of the faxed documents, CCI will review and verify the documentation provided and, if acceptable, will forward directly to the appropriate bureau(s).**

SCHEDULE D

A Guide for your Borrower

The following is a guide for consumers that will assist them when contacting the creditor(s) for the correction documentation.

- Working from the CCI credit report, mark the items on the report that you believe need updating or that are being reported in error.
- When speaking with a representative from the creditor, use the following as a guide to explain what the letter must contain in order for your lender to process this through Rapid ReScore.

In order to be accepted by the credit bureaus, correspondence must include:

- Date within the last 30 days
- Letterhead of creditor, including contact name, phone number and extension
- Consumer name (or names, if account is held jointly) and address
- Account number or member number
- A specific and clearly stated reference to the update being made to the account
- Signature of a representative from the creditor

The credit bureau(s) will take steps to verify the letter, therefore a phone number and contact person from the creditor are required. It is preferable to have a named person sign the letter, but "Customer Service" is an appropriate contact as long as any individual in the department can verify the information.

Note: CCI, Experian, Equifax, and Transunion cannot and will not make any guarantees of any kind that the corrected tradeline(s) will result in a positive change to the credit score(s).
